1.0 EXECUTIVE SUMMARY

Knight Sky LLC (Knight Sky) is pleased to submit Volume 2 Pricing as part of our response to the Environmental Protection Agency's for Request for Proposal (RFP) SOL-HQ-16-00004 "National Approach to Response Field Communications Workgroup Portable Satellite Units, Bandwidth, and Maintenance Services".

Knight Sky has been providing the DoD, Federal and State Government agencies with secure and reliable satellite communication services for over ten years. Knight Sky's satellite communication solutions provide government agencies with critical communications for remote locations, restoration service or incident communications. Satellite communication technologies evolve faster than most government agencies can keep pace. Threats to national security are on the rise, putting further pressure on information security standards and practices. In addition, government agencies are under constant funding pressures.
